

# Indigenous Flora and Fauna Association

## Statement of Purposes

**IFFA's Vision:** Victoria's biodiversity thriving and valued by all

**The primary beneficiaries of IFFA's activities are:**

Victorians interested in their local flora and fauna, its protection and restoration. This includes volunteers, professionals, students and operators of indigenous nurseries.

**IFFA's purpose is to:**

- Educate ourselves and others about biodiversity in Victoria.
- Support and connect volunteers, professionals, indigenous nurseries and groups protecting and restoring biodiversity.
- Engage the wider community in valuing Victoria's Biodiversity.
- Advocate for the protection and restoration of Victoria's indigenous flora and fauna.
- Advocate for professional and industry standards in Victoria's ecological management and restoration industry.
